## TESTIMONIALS

"I love everything about this event! I wasn't going to come because I am so busy and it was a bad time for me. I am so glad I did. It's a new experience. I've been able to see some of the newest products and gift sets that I have been looking for and wouldn't have seen. I had some really good meetings and made some great connections. I am so excited now and I look forward to more events like this in the future."

"This has been great. I am getting a lot of information with each supplier meeting that I can bring back to my clients. Everyone has been very helpful and I am gaining additional industry knowledge. I've had good, quality meetings and was taking a lot of notes. I wish more of my colleagues were here. Good, positive vibes and I would 100% participate again."
